

## MODIFIED NEWS – July 2009

- Well it looks like Summer is Finally here! Hope everyone and their families are doing good! Haven't seen a lot of you out this season - understandable with the economy and such. Hopefully some of you may make it out to watch a race if not participate ☺
- Car count has been way down 5- 8 cars depending on the tracks. It was discussed to talk to some of the IMCA guys who also have low car counts to see if they might consider running with us. Discussions are underway for this and we are hoping to work some sort of event out with them. Stay tuned to our next driver meeting for details.
- Our Next Race Date is July 11 – Wetaskiwin, then Our Memorial Race in Sangudo July 25 & 26. A new schedule is included reflecting the cancelations we made due to low car count.
- With 10 race days left the season seems to be moving quick!
- Capital Ex parade is Thursday July 16 –Entry #52 (facing East on the North Side of 103ave between 96 and 97 street) Assembly between 6 -7:30AM - *All cars, walkers Welcome! Come out and Support your Club!(no candy or items allowed to be given out)*
